

# JOIN THE MOVEMENT REIMAGINE SCHOOL MEALS

The Lake Michigan School Food System Innovation Hub funds and supports community-driven collaborations making students' meals more local, more nourishing and more loved.

LAKE MICHIGAN  
SCHOOL FOOD SYSTEM  
INNOVATION HUB

Grant funding made possible by USDA.  
USDA is an equal opportunity provider,  
employer and lender.

WE OFFER  
GRANTS  
TO IMPROVE  
THE FOODS  
KIDS EAT  
AT SCHOOL

## Will you join us?

We're working together to build pathways for local, nutritious and culturally relevant food to reach more schools across Illinois, Michigan, Wisconsin and Indiana — especially in areas that don't have equitable access to resources.

We seek farmers, food producers, suppliers, distributors, schools and organizations who want to work together to strengthen our local food system. We can connect you with partners and resources to bring your ideas to life.

**Grants are available from \$10,000 to \$100,000 per year. You can apply in February 2024!**
